Subject Re: copy of form questionnaire from the open house

Sheila,

I believe OHA was going to respond to some of the questions but I am not sure they were going to respond to the "form" questions. I will forward you Karen Bishop's e-mail.

Elizabeth, When I saw the questions, some disguised as statements, I couldn't agree more. I think we should let it go unless we get a direct follow-up inquiry.

Alan, did Karen say if OHA is preparing a response?
Thanks, Sheila

This is bait, and aside from those portions of Question 1 that are appropriate to be answered in the final Public Health Assessment, I don't think we should engage at all. And if OHA is planning on responding to

anything other than portions of Question 1, they're fools.

Subject: copy of form questionnaire from the open house

Sheila, Scott and Elizabeth,

Karen Bishop recently asked for EPA's support in answering "form" questions submitted during the Triangle Lake open house. As an example, I have attached the form questionnaire submitted by (b) (6) [REDACTED] I believe the form was distributed during the open house by a representative of the Pitchfork Rebellion.

Other written questions/comments were submitted during the open house but I am not sure if any agency responded to them yet.

Please let me know how you would like me to move forward on this.
